PATRON

His Beatitude

Moran Mor Baselios Cardinal Cleemis

Major Archbishop Catholicos of Syro-Malankara Catholic Church

M.T.T. COLLEGE : An Overview

Mar Theophilus Training College, one of the premier Teaching Training Institutes in Kerala is situated in the lush and scenic Mar Ivanios Vidya Nagar and owes its inception to the prayerful insight of the divine visionary, the late Archbishop Mar Ivanios. The foundation of this great centre of learning was laid by the charismatic self of Benedict Mar Gregorios, the late Archbishop of Trivandrum. Under the unflinching and vital guidance of our patron, His Beatitude Moran Mor Baselios Cardinal Cleemis, Major Archbishop Catholicos of the Syro-Malankara Catholic Church, the college is now attempting newer heights of unparalleled excellence. His Excellency Rt. Rev. Dr. Samuel Mar Iranios, Aux. Bishop of Trivandrum is the Co-patron of the college. The College is one among the prodigious line of impressive educational institutions managed by the Syro-Malankara Major Archi-Eparchy of Trivandrum, in accordance with the rights of the minority community guaranteed by the Constitution.

The College derives its name from the Late Bishop Jacob Mar Theophilus of Thiruvalla. It started functioning in 1956 under the affiliation of the University of Kerala (Travancore University at that time) in the premises of Mar Ivanios College campus. Later the institution was shifted to a new campus (present Sarvodaya Vidyalaya Campus) and functioned there for a few decades. In 2001, to fully comply with NCTE norms, an independent educational complex was set up with futuristic infrastructural facilities. The new college building was blessed and opened by Late Major Archbishop Cyril Baselios Catholicos. The NCTE expert team while visiting the institution

recorded their appreciation regarding the infrastructural and academic excellence of the college.

Prof. J. Y. Thampy Haris, a renowned scholar, served as the first principal of the college. Eminent and distinguished personalities like Rev. Fr. Jose Mathew, Rev. Fr. George Mootheril, Rev. Sr. Stanislaus SIC, Prof. Susan Joseph, Prof. Mary Mathews, Rev. Sr. Dr. Sbeeha SIC, Rev. Dr. Jose Konnath, Rev. Sr. Dr. Mercykutty A. SIC and Dr. Esther Gladiz have adorned the post of the Principal of the college. Dr. K. Y. Benedict presently heads the college, steering it steadily through changing times. Rev. Fr. Thomas Kayyalakal, the bursar, caters to the physical and spiritual well-being of the institution. In the last six decades of its existence, the college has set great benchmarks in the field of teacher education in terms of excellence in infrastructure, state-of-the-art smart classrooms, resourceful faculty and overall student experience. The college offers Bachelors Degree in Education (B.Ed.) in six optional subjects namely English, Malayalam, Mathematics, Physical Science, Natural Science and Social Science. The course had been offered to one hundred and fifty students with eleven faculty members. The college commenced its first M.Ed (Masters Degree in Education) batch in 2005. The Self-financing M. Ed. Department functions under the expert tutelage of a Professor who acts as the course coordinator and four Assistant Professors, who operate the mode of instruction. It is a testimony to the institution's outstanding holistic vision that it was re-accredited by the National Assessment and Accreditation Council (NAAC) with an 'A' grade in 2014.

The implacable standard maintained by the college in the field of research has finally attained fruition with its elevation to a Research Centre under the University of Kerala. The pending M. Phil course which is currently under the process of attaining sanction is expected to bring the college closer to its academic and structural fullness. The College currently offers the two-year B. Ed. programme to a selected fifty students. The College stands for 'academic excellence, development of professional skills and character formation based on the vertical and horizontal dimensions of love so as to produce cognitively enriched, affectively trained, morally upright, socially committed and spiritually inspired teachers of India. The college in its 63rd year of nation building is committed to mould teachers who are intellectually honest, academically effluent, technologically equipped, and emotionally mature in their words and deeds. Today, the college marches forward with enhanced vigour and vitality, holding high the motto *Dominus Mea Illuminatio*, meaning "God is my Light".

COLLEGE ANTHEM

Maker of teachers, you moulded us fine
Pray we to God for thy eternal light
And deep in our hearts your motto we bear
'*Dominus Mea Illuminatio*'

Atop the hill where institutions fill
Providence blessed what Mar Gregorios built
Among alters of wisdom spreading light
Our college alone makes every bearer a torch.
(Maker of teachers)

Though far away just a college it seems
Nearing one knows, much more than it is
May all our work be grace to your name
Mar Theophilus, mother our wish be with thee.
(Maker of teachers)

ഗുരുദീപം
(ഈശ്വരപ്രാർത്ഥന)

വിദ്യാലയമാം വിളക്കിൽ
 നറുതിരിയായ് നമുക്ക് തെളിയാം
 അറിവിൻ മലരുകൾ വിടർത്തി
 കുഞ്ഞുമനസ്സുകളിൽ കോർത്തിണക്കാം
 മുൻപെ പതിഞ്ഞ കാലടികൾ
 നമ്മൾ തൻ വഴിയിലെ മാതൃകകൾ
 വിശ്വം മുഴുവൻ അഞ്ജലികുപ്പും
 മഹത്വമാർന്നൊരീ കർമ്മമിതൊന്നിൽ
 അക്ഷരവാതിൽ തുറന്നീടാം
 അക്കങ്ങൾ തൻ ശാസ്ത്രതിരനീന്താം
 ഉണ്മയും നന്മയും ഇരുമിഴിയാക്കാം
 ഗുരുവെന്ന നാമത്തിൻ ആഴം തിരയാം.

INTRODUCTION

“Teachers, I believe, are the most responsible and important members of society because their professional efforts affect the fate of the earth.”

—Helen Caldicott

“Teaching is the profession on which all other professions depend. Indeed, everybody who is anybody was enabled to become somebody by a teacher.”

—Prof. Linda Darling – Hammond.

‘The destiny of the country is being shaped in her classrooms’ is not rhetoric. This focuses on the crucial role, the teaching community is expected to play in making education qualitative. It is now well-recognized that the most important single factor for the quality of education and thus for the efficiency and quality of the pupils’ learning is the quality of the teachers’ training. Hence considerable thought and attention have been given to teacher education by all societies throughout the world. Decades ago, developing subject matter competency and pruning teaching skills in a specific subject was the prime objective of teacher training programs. But with the advent of globalization and the increasing convergence of digital technologies, educational practices have undergone tremendous changes throughout the world to meet the challenges brought about by this new landscape.

The teacher of today is not just one who can teach a specific subject, but one who possess the skills and competencies needed for the 21st century to transact the content and teaching not just a local student but even to a student residing in the remotest corner of the world with widely varying interests and abilities. In short, teacher education has to function as a professional learning under a global canvas. This requires an education system that adopts a holistic approach to developing the whole person and his or her full potential. To ensure quality in a changing scenario and to keep at par with national and global requirements and to keep in pace with national norms, a revision of the current B.Ed. curriculum became imperative. The prime objective of this revision, as done in the earlier revision, was to mould a Curriculum to equip in prospective teachers the knowledge, skills, attitude, competence and commitment to face the challenges of the 21st century.

Guiding Principles

The University of Kerala has drafted and implemented its two year B. Ed. curriculum in 2015 to equip the prospective teachers to cope up with the needs of the educational community of the 21st century. A new thrust in the field of Educational Technology, introduction of the concept of Pedagogic & Techno-pedagogic Content Knowledge Analysis, Evidence-based

Performance Evaluation, Development of Teacher competencies, Entrepreneurship in education, Development of professionalism ... are a few novel aspects that were incorporated in the curriculum revision. Moreover the need to lessen the burden of an over loaded curriculum, the lack of sufficient practical orientation, reducing the gap between theory and practice, the inclusion of obsolete content and a failure to be in touch with the realities existing in schools and the requirements of the community, the quite often heard limitations were also given special care while moulding the curriculum. Quite significantly, all these had been addressed and taken into consideration in the present revision also. The practical difficulties experienced while transacting the curriculum were collected, consolidated and addressed in the present revision. The frame work of the existing two year B Ed curriculum 2015 has been retained with minor modifications incorporating the view points of different stakeholders. Special care has been taken in the present revision also to retain the best practices of the earlier curriculum and to observe fully the NCTE New Regulations 2014. In fact, this curriculum revision was also successful in bringing together the expertise of several practicing teachers at different stages in identifying appropriate content and also in choosing popular instructional strategies to transact the curriculum.

As a guiding principle the National Council for Teacher Education itself has specified the nature and content of the Two Year B.Ed. curriculum through ‘NCTE Regulations 2014’ and associated publications. ‘The B. Ed. Curriculum shall be designed to integrate the study of subject knowledge, human development, pedagogical knowledge and communication skills. The program shall comprise three broad curricular areas: Perspectives in Education/core areas, Curriculum and Pedagogic studies/Optional subjects, and Engagement with the field/Practical courses. Information and Communication Technology (ICT), gender, yoga education, and disability/inclusive education shall form an integral part of B. Ed curriculum’ (NCTE Regulations 2014). A perusal of the reports of various commissions and committees like NCERT, directions from UGC, observations of Justice Verma Commission Report, NCFTE(2009), the recommendations and observations in this respect of several committees at the Regional, State and National levels had guided the present attempt to a large extent. The academic discussions resolved to the view that the teacher education curriculum should address a learning environment for the 21st century that enables students to collaborate, share best practices, integrate 21st century skills into classroom practices, provide access to quality learning tools, technologies and resources leading to an expansion of the learning environment to the community and an international setting, both face-to-face as well as online.

Curriculum Vision

Empowerment of prospective teachers with value embedded and competency-based teacher education curriculum, to equip them to be professionally competent, adaptable and socially committed, to meet the challenges in a knowledge society.

Vision Highlights: The curriculum gives emphasis for:

- Meeting the challenges of education in a knowledge society
- Development of Teacher Competencies among student-teachers
- Development of Professionalism among prospective teachers
- Capacity building of prospective teachers
- Moulding techno-pedagogically competent teachers
- Entrepreneurship in education
- Teacher as a Relationship Manager
- Evidence-based performance assessment in education.
- Development of Aesthetic qualities among the prospective teachers
- Health and fitness for future of the younger generation.

General Objectives/Course Outcomes of the B. Ed.

The curriculum is designed to enable the student-teacher:

1. To equip the prospective teachers capable to meet the challenges of education in a knowledge society.
2. To acquire and practice various teacher competencies through qualitative multi-level strategies and practices and the development of professionalism among them.
3. To identify and resolve the major social, intellectual and environmental issues / challenges faced by our pluralistic society and make use of the knowledge in nurturing/equipping the classroom learner to face those challenges.
4. To develop a proper value system based on the cultural, social, political and moral bases of Indian society.
5. To develop teacher-identity required of a professional through theoretical discourses, college- school – community based experiences, and reflective practices that continually evaluate the effects of his/her choices and actions.
6. To understand the central concepts, tools of inquiry, and structures of individual disciplines in the course and develop the ability to evolve meaningful learning experiences.

7. To imbibe knowledge and develop understanding of the various psychological, sociological, philosophical, environmental and technological principles and practices in respect of learners of different stages/multi level and develop the ability to facilitate effective learning.
8. To make use of the pedagogical knowledge for effective verbal, nonverbal and media-based information and communication technologies in all facets of learning to foster active inquiry, collaboration, and supportive interaction in the classroom.
9. To conceptualize various formal and informal evidence-based performance assessment strategies and develop an ability to evaluate contextually the multidimensional development of the learner.
10. To generate adequate professional capacity for performing multiple roles entrusted on him/her, enabling him/her to compete in the national and international scenario.
11. To develop his/her managerial capacities in human relations for promoting human resources for national development.
12. To internalize appropriate theoretical and practical inputs in order to render an integrated- holistic understanding about physical fitness, developing positive attitudes, values, skills and behaviour related to health and physical education and to promote health and fitness for current and future lifestyles among student teachers.
13. To develop the aesthetic quality of the prospective teachers through Art Education, theatre practices...

There is no separate minimum for CE & other practical courses in all the semesters. Marks/grades for CE and Practical courses have to be given to various categories on the basis of proper guidelines and criteria. Detail records have to be maintained by institutions in each case.
 13. All the theory papers of all semesters will be assessed through external examination of the University.
 14. In case a candidate gets minimum for all papers but fails to get semester minimum, she/he has to re-appear the papers with less than 50% of marks to secure a pass in that semester.
 15. If a passed candidate wants to improve his/her grade he/she can appear for the theory examination and improve the grades within two years of completion of the course, if the same scheme exists.
 16. Course betterment is limited to theory alone. For course betterment in theory, candidates have to appear for the concerned examinations with the regular schedule. Higher marks of the two i.e., marks before betterment and after betterment whichever is higher will be considered.
 17. There will be no Supplementary Examination. Failed candidates have to write/appear for the paper/papers for which they have failed with the regular candidates. On securing the separate minimum in those paper/papers the candidate will be declared to have passed the examination provided he/she secures an aggregate of 50% (C+ Grade). Three chances will be given for reappearance as long as the same scheme exists.
 18. Even if a candidate fails to secure the required minimum marks/grades for a pass in Theory during a semester but has completed the Practical Courses/Engagement with field he/she shall be allowed entry to the next Semester.
 19. If under any circumstances, a candidate fails in Teaching Practice/School Internship, he/she shall be permitted to repeat the same after the completion of the course with special permission from the University as long as the same scheme exists. It will be considered as a Second appearance in all respects. There is no provision for reassessment of Internship in teaching.
 20. College transfers are as per University rules.

Definition of Terms

- **Semester system:** The semester system is a proactive system with program designed to be completed gradually within a period covering multiples of half an academic year. It is a pattern of the course in which the whole program is divided into different parts and each part is intended for a specified period of time, called semesters. The present B.Ed. program involves four semesters.
- **Credit:** Credit refers to the unit of value awarded for the successful completion of specific courses, intended to indicate the quality of the course instruction in relation to the total requirements for a course. Credit is a unit of input measured in terms of 'Study Hours'. It represents the number of 'Study Hours' in a particular period of time devoted to various aspects of the teaching-learning process such as attending classes, engaging in assignments, projects, community activities, gathering information from library and internet sources and other Practical Courses required by the course. Here, one credit for the B.Ed. program is considered equivalent to 30 Study Hours and

one credit carries 25 marks (**I credit-30 hours/25 marks**). All the tasks that carry credit are compulsory.

- **Grading:** Grading is the process of applying standardized measurements of varying levels of comprehension within a subject area. Assigning letters for indicating the performance of students in each paper/area by giving due weightage according to the scale adopted. Seven Point Scale is suggested for the grading purpose and Indirect Grading shall be used. In Indirect Grading the students are assessed using conventional marking mode and the marks awarded are converted into letter grades as per the weightage assigned. Marks will be converted to respective Grades for whole programmes and courses only and not to each and every component. (e.g. EDU 01 – total marks earned for Theory & CE is converted to Grade)
- **Grade Point Average (GPA):** The means of grades obtained on a number of subjects/tasks for a specified period is the GPA. GPA is calculated by dividing *the sum of the weighted grade points obtained by a student in various subjects in a semester by the total number of credits taken by him/her in the semester*. The value shall be rounded off to two decimal places.
- **Cumulative Grade Point Average (CGPA):** CGPA is the value obtained by dividing *the total Credits for a Semester X Sum of GPA for all the semesters by the total credits for the entire course*. The value shall be rounded off to two decimal places. CGPA will be converted to letter grades for final results.
- **Perspectives in Education (core papers) :** Indicates the subjects of study under theoretical discourses which are compulsory for all the students undergoing the course (EDU 01 to 03, 06 to 08 , 11 to 12, and 14)
- **Curriculum and Pedagogic Courses (optional subjects) :** Indicates the subject which the student-teacher specializes in the course (EDU 04,05 ,09, 10, 13 & 15).
- **CE :** Continuous Evaluation indicates the process of assessing the practical work related to Perspectives in Education/core papers and Curriculum and Pedagogic courses/Optional papers prescribed in the curriculum continuously to award marks/grades on the basis of an assessment criteria. The total marks of CE for each paper should be the sum of marks for various tasks specified in the paper.
- **Engagement with the field/Practical Courses :** Practical courses in the curriculum indicates the practical work expected to be done by the

student-teacher related to subjects of study indicated as EDU-101, 102, 103 ; 201, 202, 203; 301, 302, 303 & 401 as a compulsory requirement.

This area has been included in the curriculum to achieve advanced learning in the areas education, technology and methodology and its integration with practice to **facilitate capacity building** among student-teachers. The knowledge and competencies acquired by the trainee during the entire course remains as the base of this course. The mode of learning proposed is classroom instruction focused on guided self-study. The study has to be initiated/progressed by the student-teacher mainly through self effort by reference study, collecting study materials from web site, peer assistance, scaffolding, guided study etc. The achievement of the student-teacher in terms of capacity building will be assessed through the Online examination of the University scheduled for the last month of Semester IV.

- Practicum: systematic study of problems from subject areas through collection of information from different sources. Records/short reports not exceeding 5 to 6 pages have to be maintained.
- Capacity Building Program: The aim of the activity is to equip student teachers to face the challenges of classroom situation in a multicultural society and also uplift the quality of teacher education in par with the global standards. In this connection workshops for development of leadership quality EDU-01, any one life skill development for EDU-06 and workshop for stress management for EDU-07 have been proposed.
- Practicum-video script: Based on a single theme developing, Video scripting, shooting, editing and uploading in blog/you tube for 5 to 10 minutes duration.
- Field study(conscientization program): A conscientization has to be undertaken by every student on a selected theme and records to be maintained. The student-teacher has to undertake any one conscientization program in the school/community during practice-teaching and has to prepare a written report. (gender sensitivity, inclusive education, social evils around, media abuse, and the like.....)
- Seminar-individual/group: The student-teacher has to take up either a seminar individual/group to show his active involvement in the classroom transaction. The participation/involvement of the student in classroom activities have to be assessed by the teacher using criteria self-developed. .
- Subject association activity: Participation/contribution and reporting of the student-teacher in the subject association activities organized weekly by optional groups.
- Observation of video lessons: each student-teacher has to observe at least two video recorded lessons of experts and prepare observation

notes. Format of observation has to be supplied by the teacher educator.

- Reading and reflecting on text: The aim of this course is to enable student-teachers to enhance their capacities as readers and writers by becoming participants in the process of learning and to respond to a variety of texts in different ways and also learn to think together. The aim is also to engage with the readings interactively-individually and in small groups. Each student-teacher is expected to read a variety of texts, including empirical, conceptual and historical work, policy documents, studies about schools, teaching, learning etc. preferably in the optional subject area and to prepare reflective notes.
- Exposure to curriculum development. (Preparation of a sample unit of textual material). The aim of this section is to develop the capacity of student-teachers in preparing textual materials for Class VIII/IX/X in their optional subject based on a suitable content. The format of the text books in their subject can be followed in the preparation of text. A unit has to be prepared.

- MCQ Test Battery: The student-teacher has to prepare Multiple Choice Question test batteries at three stages: with college level testing for internal and viva-voce for external.
1. MCQ test battery in the concerned optional subject(content cum pedagogic courses) with 20 items each from the optional paper/papers of Semester I, II and III.
 2. MCQ test battery from the area Perspectives in Education with 10 items each from papers of Semester I, II, III and IV as a part of EDU-14.
 3. MCQ test battery with 30 items from EDU-15 in the concerned optional subject.

It is better to start the preparation of MCQ test battery from Semester I itself and have to be completed and consolidated by semester III and IV. MCQ test batteries have to be presented before the External Evaluation Board along with the other requirements.

- Mid Semester Examination: A college level examination for all papers - of one hour duration and 25 marks with multiple choice items, very short answer and short answer questions. The marks earned in the examination has to be converted to 5.

Guidelines for Related Practical Work/Practical Courses.

EDU 103.1 – Field Trip/Visit associated with the Curriculum and Pedagogic Courses (optional). Field visit appropriate to the content area has to be selected. The report has to be evaluated on the basis of rubrics developed by the teacher educator.

EDU 103.1 – Vocational/Work Education (SUPW/Community Work). The objective of this program include planning and executing productive work, develop social sensitivity, seek support from the locality, sensitize with dignity of labor, etc. This Community based practical - Socially Useful Productive Work (SUPW) has to be organized by the college at their convenience in the specified time. The task include one service (Participation in social activities, social services, social projects, social work etc) and submission of one product (e.g. - book binding, craft/art work, soap making, agarbathi, paper bag, designing and making electronic devices, candle making, film making, pot making, embroidery, improvisation,.....) Assessment has to be made on the basis of proper division of marks using Performa for assessment designed by the institution.

EDU 201.3 – Art Education and Theatre Practice. The aim of theatre practice is to help the student-teacher realize the role of dramatization and other art forms as transactional strategies in classroom instruction for enhancing learning and creativity. It involves visualization and writing of scripts (related to themes from optional content areas), direction, assigning and engaging roles, enacting of drama, making arrangements individually and with group assistance.

EDU 102.1 – School Induction Program. The sole purpose of Initiatory school experience is to provide the student-teacher an opportunity to have primary experiences with the functioning of the school. This school attachment program is for a period of five continuous working days giving them an opportunity to acquaint with the school environment and their day-to-day functioning. Observation of lessons of senior teachers individually or in small groups (2 nos.), meeting the students informally to learn their background and interest in learning, to see the learning facilities in the school, observing the social climate in the school, etc are some of the activities to be undertaken during this period. Each student-teacher has to engage 3 lessons individually or as Shared Practice. In Shared Practice, student-teachers will be in small groups of three members. The lessons will be divided into three parts and each student teacher will practice one of the parts by rotation in the natural classroom situation. Lesson plans need not be written with the rigidity employed for Practice Teaching lesson. The student-teachers have to maintain a detailed diary as record of the visit.

After the initiatory school experiences, a reflection session should be organized in the college. Assessment of student-teacher performance during this period will be done jointly and conveniently by the General and Optional teachers. Institutions can depute either the Optional teacher or the General teacher for organizing and assessment of school initiatory experiences.

EDU 201.1 –Field Trip/ Study Tour: It is an exposure trip to a place of educational or historical importance. The expected outcome includes providing situations for the student-teachers to learn and get acquainted with the process of organizing /conducting a study tour/field work and understanding the environment around. A report of tour has to be prepared by all student-teachers. The report should highlight the objectives of the tour, identification of the spot, detailed plan, execution of the plan, benefits derived from the tour, problems faced and suggestions. The Study tour can be organized by the institution at their convenience as a general program/Optional requirement, for a duration not exceeding 5 working days, and will be counted as an activity of Semester II. In case any student fails to attend the study tour/field work due to genuine reasons they have to compensate it by undertaking a minor community work suggested by the institution and have to submit a report.

School Internship: - School Internship is a part of the curricular area of ‘Engagement with the Field’ designed to lead to the development of a broad repertoire of perspectives, professional capacities, teacher sensibilities and skills among the prospective teachers. The task during this period include:

- practicing the process of preparation of material, teaching, assessment and evaluation,
- participating in all the academic activities of the school under direct supervision,
- learn to set realistic goals in terms of learning, curricular content and pedagogic practices,
- choose, design, organize and conduct meaningful classroom activities,
- participate in school, social and community activities in the locality associated with the school,
- observation of and association with children in multi socio-cultural environments to understand their problems and to suggest possible remedies,
- develop, locate, collect and maintain teaching-learning resources.

Internship in Teaching/School Internship is for a period of 20 weeks divided into two Phases of 12 and 8 weeks, to be organized during the Third and

Fourth Semesters of the Course. For school internship, the Colleges of Teacher Education and the participating Schools shall set up a mutually agreed mechanism for organizing, monitoring, supervising, tracking of internship and assessing the student - teachers. Make arrangement with at least five practicing schools for the internship as well as other school based activities of the course. These schools shall form basic contact point for all other practicum activities and related practical work during the course of the program. During the internship, a student-teacher shall work as a regular teacher and participate in all the school activities, including planning, teaching and assessment, interacting with school teachers, community members and children.

The school internship program has been arranged in phases to install effectiveness in the program. School induction program, Phase I & II of School internship have to be organized in close supervision of the colleges with effective co operation from practicing schools. After the completion of each program colleges should arrange reflection sessions in the college so that the trainee can benefit by sharing experiences and can plan and modify/regulate his/her teaching and associated activities in the next spell/phase in the school more effectively. Planned progressive development of the behavior of the student-teacher phase after phase is the major purpose of arranging teaching practice in various progressive phases/stages/spells.

EDU-302.1 : School Internship Phase I.

School Internship/Teaching Practice for Semester III shall be arranged as a single block program for a duration of 12 weeks (one week preparatory work at school/college, 10 weeks of teaching in schools, one week post practice-teaching practical work at school/college) . Student-teachers have to complete 40 Practice Lessons spread over in standards VI to XII in the Primary/Secondary/Higher Secondary Schools (Kerala State/CBSE/ICSE/ISC scheme) in their concerned Optional Subject and 2 lessons each for Health Education & Physical Education during this period and to actively participate in all activities of the practicing school. Graduate students can be assigned standards VI to X and for post graduates from VI to XII conveniently. Only those students having Post Graduate degree in the concerned Optional Subject are permitted to undergo Teaching Practice at Higher Secondary School level. Lesson plans/Records have to be maintained by all student-teachers. Preparation of Diagnostic Test, Achievement Test, Internship diary/ Reflective Journal, MCQ battery, Reading and reflecting on text, blog updation *(1. Bi-Weekly report of school experiences including curricular and co-curricular and extension activities, 2. Innovative work during practice teaching-1 nos.)*, are mandatory. Appropriate remedial measures have to be

adopted on the basis of the analysis of the Diagnostic test. The scores of the Achievement test should be analyzed quantitatively and qualitatively employing necessary Statistical measures. This phase of internship will be assessed both internally by colleges concerned and externally by the external practical board of the university.

EDU-401.2 : School Internship cum apprenticeship in Teaching :Internship Phase II.

School Internship cum apprenticeship /Teaching Practice for Semester IV may be arranged as a single block program for a duration of 8 weeks (one week preparatory work at school/college, 6 weeks of teaching in schools, one week post practice-teaching practical work at school/college). Student-teachers have to complete 30 Lessons spread over in standards VI to XII in the Primary/Secondary/Higher Secondary Schools (Kerala State/CBSE/ICSE/ISC scheme) in their concerned Optional Subject and to actively participate in all the activities of the school during this period. Graduate students can be assigned standards VI to X and for post graduates from VI to XII conveniently. Only those students having Post Graduate degree in the concerned Optional Subject are permitted to undergo Teaching Practice at Higher Secondary School level. Lesson plans/Records have to be maintained by all student-teachers. *Preparation of Diagnostic Test, Achievement Test, Internship diary/Reflective Journal, updating blog (1.Bi- Weekly report of school experiences including curricular and co-curricular and extension activities, 2. Innovative work during practice teaching-1 nos.), Reading and reflecting on a text in the concerned optional, Preparation of textual material and Field work (Minor Project/Action Research/Case Study) have to be undertaken/completed/reported during this period. Appropriate remedial measures have to be adopted on the basis of the analysis of the Diagnostic test. The scores of the Achievement test should be analyzed quantitatively and qualitatively employing necessary Statistical measures.*

Supervision of School Internship: - The supervision of Practice Teaching is a joint responsibility of the Colleges of Teacher Education and Practice-Teaching Schools. Continuous observation and briefing is essential for improving the teaching skill of the novice teacher and for capacity building. The subject teachers of the school have to observe all the lessons of student-teachers and enter their suggestions in the supervision diary maintained by the student-teacher. The Teacher Educators have to observe the maximum number of practice lessons of the student-teacher. Observation of three lessons (probably at the beginning, middle and at the end of Practice Teaching) by the Optional teacher and one lesson by the General teacher is mandatory. The Principals of Colleges have to visit the practicing schools, observe lessons

and monitor Practice Teaching. Assessment of Practice Teaching will be done on the basis of the Performa for assessment of teaching (see appendix). Assessment of Practice Teaching will be done jointly by the General and Optional Teachers, and School supervisors.

Assessment of School Internship/Teaching Practice: School Internship and associated activities of Phase I (Semester III) will be assessed jointly by the General and Optional Teacher Educators as per guidelines. The assessment for Semester III will be subjected to external examination through the External Examination Board constituted by the University. School Internship Phase II and associated activities of Semester IV will be assessed jointly by the General and Optional Teacher Educators and the School Supervisors internally. There will be no external practical examination for Phase II. However all the mandatory records/products associated with school internship during Phase II have to be submitted for scrutiny/verification by the external practical board.

EDU 303.1 – Community Living Camp:

Community Living Camp: - All the colleges have to organize a five-day residential Community Living Camp/Citizenship Training Camp in a convenient location of their choice. It is a joint camp of Student- Teachers and their Teacher Educators in a convenient location, keeping certain formalities and following a pre/well planned time table. Learning to live together co-operatively, participation in programs for development of personal and social skills, to develop student-teacher 'social-relational sensibilities and effective communication skills, practicing democratic living, providing chances for division of labour, community work etc. are the major outcomes expected of the program. Record mentioning all the activities have to be prepared and submitted by each Student-Teacher. Community Living Camp can be organized by the institution at their convenience either during Semester III or during holidays after the Semester II University examinations, but will be credited with Semester III. Assessment of participation in Community Living Camp has to be done on the basis of an Assessment Schedule.

Organization of the Camp: Select a main theme related to education, culture, society and environment for each year by each institution for the community camp. The common objectives of the camp should be:

- To promote social accommodation and broaden the mental abilities of the student-teachers.

- To promote the democratic nature and involvement of the student-teacher in planning and implementing educational activities.
- To develop critical thinking about the issues related to the policies/approaches in education.
- To inquire in to the cultural, social, scientific, educational and environmental aspects of a community.
- To develop an interest to train the body and mind for a well balanced personality.

Themes for a Community Living Camp (decide the theme to suit the location)

- Education and Social Change
- Education- its creative and social aspects
- Nature, agriculture, culture and education
- Education, environment and development/empowerment etc.

Programs suggested for community living camp: Social and educational Surveys, visit to social institutions to study their functioning, undertaking community productive work, campus cleaning/beautification, undertaking duties in the camp including preparation of food, attending classes/seminars/ yoga etc., participation in games and recreational activities, mock Parliament activities etc.

EDU 401.1 – Minor Project/Action Research/Case Study

The student-teacher has to take up a minor research project/Action Research/ Case Study during the course. The fundamentals and modalities of this systematic study are well discussed in EDU – 08 of Semester II. The task/theme selected should be relevant socially, academically and contextually and has to be undertaken in a phased manner as per the schedule under the guidance of a supervisor (General/Optional Teacher Educator). The task has to be initiated during the 1st Phase of School internship and to be completed during the 2nd Phase and credited with Semester IV. Selection of a relevant topic/problem/case, review of available literature in the area, preparation/ adoption of simple tools to collect facts/data regarding the issue, analysis of the data either qualitatively or quantitatively(using simple statistics), reporting the findings are the stages to be followed. The report has to be typed/neatly handwritten, consolidated to a document of 30-50 pages. (format of the report is given as appendix) . Assessment of the report will be done internally by the Supervising Teacher Educator and externally by the external practical board.

Assessment of Report : Internal/External – 40 marks, viva-voce-10 marks(internal/external)

Reflective Journal: A student-teacher generated locally standardized daily log book maintained under the supervision of the mentors is visualized as a Reflective Journal (RJ). The RJ can act as a document that carries an analytical account of the daily experiences of student-teachers during school internship. The major purpose of the RJ is reflection-on-action. During the practice-teaching the RJ depicts how different aspects of teaching are interconnected. Analysis and comments on theory-practical integration, the nature and extend of support system utilization, process analysis of success and failures management, interference and projection of future course of correction and developmental actions etc. can function as elements in the design of the reflective journal.

ASSESSMENT : The academic growth of the student-teacher is assessed using various assessment devices. For the theory courses, the proficiency of the student-teacher is evaluated through continuous evaluation of the candidates progress and through the semester end examination. To make continuous evaluation transparent, student-teachers should be made aware of the modus operandi of the evaluation process and the assessment criteria. The level of performance of the student-teachers is to be published periodically. The internal marks (CE) of the Theory Courses (both Core and Optional papers) and Practical Courses of Semester I, II, signed by the candidate shall be submitted to the University within one week after the closing of each semester. During Semester III & IV CE has to be forwarded to the university by the colleges concerned and that of Practical courses handed over to the Chairman, External Practical Board at the time of Practical examination.

Course Evaluation/Assessment

Sem.	External assessment (Theory-Written)	Internal Assessment
I	EDU – 01 to 05	CE of EDU 01 to 05 EDU: 101.1 to 101.3; EDU:102.1; EDU: 103.1.
II	EDU – 06 to 10	CE of EDU 06 to 10 EDU : 201.1 to 201.3 ;
III	EDU – 11 EDU – 12 EDU – 13	CE of EDU 11 to 13 EDU : 301.1 to 301.2 ; EDU : 302.1 ; EDU: 303.1 (Internal and External)
IV	*EDU – 14 (online examination) *EDU - 15 (on line examination)	EDU : 401.1 to 402.1 (Internal & External)

- *** Online examination of EDU-14 & EDU-15:** The online examination shall be conducted by the university at the end of Semester IV in respective Colleges of Teacher Education. The duration of the examination will be one hour fifteen minutes (75 minutes) with 50 multiple choice question items. There will be four distracters to each question item and the students have to select the most appropriate choice. All the rules with respect to online examination will be applicable here also. A question bank with sufficient multiple choice items shall be created separately for EDU-14 & EDU-15 as per the respective curriculum requirements/components and uploaded in the web site. Students have to answer 50 items in 75 minutes in both the examinations.

Tools for Assessment:-For assessing student performances Criteria / Performa based on rubrics have to be developed for each task by the Teacher Educators to make assessment objective. A *rubric* is an explicit set of criteria used for assessing a particular type of work or performance. A rubric is a guideline for rating student performance. A rubric usually includes levels of potential achievement for each criterion, and sometimes also includes work or performance samples that typify each of those levels. Levels of achievement are often given numerical scores. A summary score for the work being assessed may be produced by adding the scores for each criterion. Rubrics are typically displayed in list or grid form. Within the rubric a series of criteria and traits are listed, usually followed by a Rating Scale.

Modes of Assessment :

- A. Theory:** (50 marks each)-Theoretical discourses of Perspectives in Education (Core) and Curriculum and Pedagogic Courses (Optional papers) for all semesters will be assessed externally through end semester examinations of the University.

Practical work related to theory papers-CE- (25 marks each) - (EDU-01 to 15) Continuous Evaluation (CE) of Practical Work related to theory papers will be done by the teacher educator concerned internally as per the guidelines in each case. The Practical Work (CE) coming under Theoretical Discourses EDU 01 to 05 of Semester I, EDU 06 to 10 of Semester II and EDU 11 to 13 of Semester III will be subjected to internal assessment only where as CE of EDU 14 & 15 will be assessed both internally and externally.

B. Practical Courses:-

1. Practical Courses for Internal assessment.

Continuous and comprehensive assessment of the College, School & Community Based Practical for EDU 101 to EDU 103 of Semester I, EDU 201

of semester II will be done by the teacher educators concerned internally on the basis of the criteria fixed for the purpose. The internal examiner will assess the performance of the student-teachers and award marks and respective grades. EDU 301, EDU 302 & EDU 303 of Semester III and EDU 401 and 402 of semester IV will be assessed both internally and externally.

2. *Practical Courses for External Assessment*

Practical work related to EDU 301, 302, 303 of Semester III and EDU 401.1, & EDU 402.1 of Semester IV will be subjected to external assessment by an External Examination Board constituted by the University. The external examiner for Physical Education will assess the Records related to Physical and Health Education. There will be no external assessment of Physical and Health Education classes by the external examiner. The present practice of appointing Zonal Boards will be continued. The board members will be appointed by the University on the basis of existing norms.

The practical Examination by the External Board will be conducted in two Phases.

- **Phase I – Practical Examination of Curriculum and Pedagogic courses (optional), Art Education and theatre practice and Health and Physical Education of Semester III(during October-November).**
- **Phase II – Evaluation of Minor Project work/Action Research/Case study and viva-voce and scrutiny/verification of Teaching records/products of Phase II teaching- (during March). Phase II teaching will be assessed internally but the records/products of internship will be verified by the board.**

External Practical Board

Zonal Board : - The Zonal Board will consist of a Chairman, Subject expert for each Optional Paper, one Subject expert for Core Papers, one Subject expert for Physical and Health Education appointed by the university. The zonal board will schedule its examination in two phases.

During Phase I (Semester III) the team members consisting of the Chairman , examiners of Optional subjects and Physical education will visit the colleges as per schedule of examination fixed by the chairman in consultation with respective colleges and assess the performance of the student-teachers as per the criteria already fixed. The subject expert for the Optional Paper will conduct Practical Examination for the concerned Optional. If the number of candidates in an Optional subject is more than 20, an additional examiner can be appointed. The board shall observe and assess the teaching competency (Optional only) and other Practical Work of all student-teachers and conduct a Viva-Voce based on the subject. The members of the external board will assess the performance of the student-teachers in their concerned subject and award marks and respective grades for the maximum marks specified. Each Zonal Board will visit maximum 3 to 4 institutions.

During Phase II (Semester IV) the team consisting of the Chairman and one examiner (Perspectives in education-core papers/Curriculum and Pedagogic courses-Optional) will schedule external examination and will assess the project work/case study/action research and conduct a viva-voce on the project. Moreover the board will scrutinize/verify the records/products of Phase II practice teaching/internship as noted mandatory in the curriculum.

Duties of Practical Board: The marks and respective grades of internal assessment of Practical Courses of Semester III and IV will be handed over to the Chairman, External Practical Board at the time of Practical Examination by

the Colleges concerned. The members of the External Practical Board will assess the Records and performance of all the student-teachers in their concerned subject using the assessment criteria followed in internal assessment and hand over the marks and respective grades to the Chairman of the Board. The average of the internal and external assessment has to be taken as the final score. In case, the total marks awarded by the internal and external examiner for a subject (Minor Project/Action Research/Case Study, Physical Education, and Practice Teaching and related activities) has a difference more than 10% of the total marks, the Chairman will examine the case and settle the variation. In such cases the decision of the Chairman will be final. The Chairman will check randomly/verify any case, if discrepancies are noted. All the Examiners, appointed by the University including the Chairman have to be present in the centre on all the days on which Practical Examination is conducted.

Compilation of marks : The average marks and respective grades of the internal and external assessment have to be computed by the Chairman of the Board and forwarded to the Co-ordinating Chairman along with internal marks handed over by the colleges and external marks assigned by the board after the completion of the examination.

Co-ordinating Chairman: - A Co-ordinating Chairman will be appointed by the University who will co-ordinate the work of four zonal boards. The Coordinating chairman has to randomly check the assessment of Zonal Boards and make corrections, if necessary. The final Mark Lists of Practical Examination (average of internal and external, internal marks handed over by colleges, and external marks awarded by the board) have to be forwarded to the Controller of Examination.

Number of Zonal boards: - The University will constitute the required number of Zonal Boards to complete the Practical Examination in the stipulated time (in a duration of 10 to 15 days). All qualified teacher educators have to compulsorily take up appointment as External Examiner.

Timing of Practical Examination: - Practical examination will be scheduled and carried out simultaneously in all the colleges in a period of 10 to 15 days. The Phase I has to be scheduled during mid October-November. Phase II has to be scheduled during February/March. The duration of the Practical Examination in an institution will be two days for a strength of 50 students(one unit) for Phase I & Phase II. Additional days will be provided depending on the strength of the institution.

Grading System (Seven Point Scale) : Grading: Grading is the process of applying standardized measurements of varying levels of comprehension within a subject area. Assigning letters for indicating the performance of students in each paper/area by giving due weightage according to the scale adopted. A seven point scale is suggested here for the grading purpose and Indirect Grading shall be used. In Indirect Grading the students are assessed using conventional marking mode and the marks awarded for each subject/ area are converted into letter grades as per the weightages assigned. Marks for each Theory Courses (EDU-01 to 15) and Related Practical Work (CE), Practical Courses (EDU 101, 102, 103, 201, 301, 302, 303 & 401) will be assessed and the marks will be converted into letter grades in a seven point scale. Then find the Grade point Average (GPA). The overall performance of the students will be assessed by finding the Cumulative Grade Point Average (CGPA) and converting this CGPA into letter grades following the grade range in the seven point scale.

Intervals of marks in %	Grade	Grade Range
90 and above	A+	9 to 10
80 to < 90	A	8 to < 9
70 to < 80	B+	7 to < 8
60 to < 70	B	6 to < 7
50 to < 60	C+	5 to < 6
40 to < 50	C	4 to < 5
Below 40	D	< 4

Grade Point Average (GPA): GPA is the value obtained by dividing *the sum of the weighted grade points obtained by a student in various subjects in a semester* by *the total number of credits taken by him/her in the semester*. The value shall be rounded off to two decimal places.

$$GPA = \frac{\sum WGP}{Total\ Credit}$$

Cumulative Grade Point Average (CGPA)

Cumulative Grade Point Average (CGPA): CGPA is the value obtained by dividing *(the total credits for each semester) X (Sum of GPA for all the semesters)* by *(the total credits for all the semesters)*. The value shall be rounded off to two decimal places. Then,

$$CGPA = \frac{GPA\ of\ Semester\ I + II + III + IV}{4}$$

Grading of a Candidate: For a pass in the examination the candidate should have obtained a minimum of 50% marks (C+ grade) in aggregate in each semester with a separate minimum of 40% marks in each Theory Paper, 50% when theory and CE are taken together and 50% for School Internship of Semester III, IV and 50% marks for Minor research project/Action Research/ Case Study. There is no minimum for CE and other related Practical Courses. The overall grade of the Course will be computed in terms of CGPA and respective letter grades will be awarded. The minimum grade required for a pass is C+ in aggregate.

Curriculum Transaction

Strategies to be adopted

- *The strategies proposed to be adopted in the transaction of the B. Ed. curriculum include Lecture-cum-Discussion/Narration, Co-operative*

and Collaborative Learning, Focused Reading and Reflection/ Intellectual Discourses, Observation–Documentation–Analysis, ICT Enabled Learning/Virtual Tours, Requirement Based Learning / Individualized Learning, Multi Disciplinary Learning, Meaningful Verbal Expression, Seminars, Case Studies, Workshop /Dramatization /Miming, Self Learning, Problem Based Learning, etc. With a view to move away from theoretical discourses through lectures alone, the student teachers will be required to be engaged in these various kinds of learning experience/modes of learning engagements. These strategies have to be initiated by the mentor to guide the student teachers to go through the processes to achieve the expected outcomes. Many probable instructional strategies have been included with each content in the curriculum, and the teacher educators have to adopt the most suitable ones to make the instruction effective.

Mental Process :- *the sequence of mental experiences-pedagogical-instructional-experiential contexts felt/received/undergone by the student-teacher during/as a result of various interactions viz. Intellectual dilemma, Cognitive challenge, Controlled listening, Disequilibrium and accommodation, Reflective intellectual discourses, Contemplative self expression, Verbal and conflict management, Narrative expression of self experiences, Field based mental imagery formation, Collective expression of consensus point and the like constitute the learning process.*

The mental processes involved in the learning of various subjects are presented below in hierarchical order.

1. *Retrieves/ recollects/ retells information*
2. *Readily makes connections to new information based on past experiences and formulates initial ideas/ concepts*
3. *Detects similarities and differences*
4. *Classifies/ categorizes/ organizes information appropriately*
5. *Translates/ transfer knowledge or understanding and applies them in new situations*
6. *Establishes cause- effect relationship*
7. *Makes connection/ relates prior knowledge to new information/ applies reasoning and draw inferences*
8. *Communicates knowledge/ understanding through different media*
9. *Imagines/fantasizes/ designs/ predicts based on received information*
10. *Judges / appraises/ evaluates the merits or demerits of an idea/ develops own solutions to a problem*

The list of strategies, learning processes etc are inconclusive. Teacher Educators have the freedom to adopt various strategies, learning process, assessment techniques in addition to the ones suggested in the Syllabus grid. But each institution/ teacher educator has to ensure that activities/ strategies suggested in the syllabus grid are followed during transaction of curriculum.

Academic Calendar

A copy of the Academic Calendar specifying the schedule of activities and examination during the course is given in appendix

*** Orientation of the Curriculum** (Academic Calendar Semester I)

The time provided for General Orientation is one week. The purpose of General Orientation for fresh entrants to the B. Ed. Course is to spell out to the student teachers its academic and professional aspects, and also the expectations of the institution from them in achieving the quality and standards of the professional course.

Scope of the orientation:- When the student teachers join a teacher education institution, they are anxious to know how to grapple with the problems and situations that are new to them and appear to be challenging. Therefore, the orientation program should be organized at the beginning and be spread over the whole of the first week, as it will lay the foundation of a successful course. It should cover the following areas:

1. **General Orientation :**
 - a) **About Teaching as a Profession**
 - b) **About the Institution**
 - c) **About the Faculty**
2. **About the B. Ed. Program**
 - a) **Theoretical Discourses and Related Practical Work (CE)**
 - b) **School internship /Practice Teaching**
 - c) **Practical Courses / Practicum (College/School/Community Based)**
 - d) **Assessment and Evaluation (both Internal and External)**
 - e) **Curricular and Co curricular Activities in the Institution.**

Composition of the Curriculum

The curriculum of various subjects for B Ed are presented in the order Semester I, Semester II, Semester III & Semester IV. Perspectives in Education (**EDU 01-03, 06-08, 11 & 12, 14**) are Core papers & Curriculum and Pedagogic Courses (**EDU 04 –05, 09-10, 13, 15**) are Optional subjects. The components of the curriculum have been presented in the following order.

- **Title of the Subject**
- **Objectives of teaching the Subject**

- **Contents included in the subject**
- **Syllabus Grid**
- **References**

The syllabus Grid contains four columns

1. **Learning Outcomes – what the student-teacher may achieve.**
2. **Contents/Concepts and allied matters – concepts and knowledge of functional dimensions of concepts.**
3. **Strategies/Approaches recommended for transaction – Initiated by the mentor.**
4. **Assessment and Evaluation – to assess the progress of the novices.**

Perspectives of Education (core Papers).

Nine areas/papers (EDU – 01, 02, 03, 06, 07, 08, 11, 12 and 14) have been included under this heading in order to develop among the student-teachers a realistic outlook about education and teacher in the Indian society. The objectives of this program include:

The prospective teacher

- Understands the meaning, significance and perspectives of education in the socio-cultural context.
- Understands the history, current issues and challenges of Indian Education and becomes capable of solving various problems of the society.
- Understands the developmental processes and needs of children and adolescents, the role of teacher in facilitating them.
- Acquaints with prominent Psychological principles, theories of development and learning, and allied matters and make use of them in educational contexts.
- Understands the assumptions of ICT, Assessment and Evaluation, Management, Environment etc and makes use of them in practical life and classroom instruction.
- Acquires democratic and social values of an ideal teacher and develops skills and competencies in teaching and classroom management.

Curriculum and Pedagogic Courses (Optional subjects)

Theoretical Base of the optional subject, (Techno) Pedagogic Content Knowledge Analysis, Curriculum and Resources in Digital Era, Emerging Trends and Practices & Advanced Studies in the subject area are the Optional Papers included under Curriculum and Pedagogic courses. Due consideration has been given to incorporate the latest trends in learning and pedagogical theories that touches various domains of the subject concerned. Keeping in mind the local-cultural-historical-environmental and educational dimensions of Kerala an earnest effort has been undertaken to incorporate the spirit of the

21st century knowledge based economic circumstances and its divergent demands in the teacher education process through the respective course work of the optional paper. A clear demarcation of the methodology and the corresponding pedagogical analysis papers with respect to the respective optional subjects have been worked out which help for meaningful transaction of the optional curriculum. Revamping the concept of Pedagogical analysis to Pedagogic Content Knowledge (PCK) and its contemporary version of Techno-Pedagogic Content Knowledge (TPCK) Analysis have been accommodated to give a practical face to the curriculum. The following illustration may make things more clear.

The objectives of optional education include:

- To make the novice teacher understand the scope and nature of teaching the subject at different levels of learning.
- To introduce the challenging career of a teacher with a futuristic perspective, as an agent of social change.
- To develop practical field based skills and experience in resource development and learning experience designing while transacting the curriculum.
- To provide the required research based learning experience so as to undertake a habit of self development through inquiry and investigation,
- To enrich the vision and capabilities of prospective teachers as reflective practitioners during and after the pre-service education.
- To design instructional and learner support mechanism-print, non-print, electronic and digital-appropriate for the learner needs and contextual requirements.
- To get a field based understanding of theories and principles of pupil assessment and evaluation.
- To undertake a self-empowerment initiative in transacting the curriculum from a Techno-Pedagogic content Knowledge perspective.
- To identify the Entrepreneurial opportunities of futuristic significance associated with the subject.
- To develop a neo-humanistic attitude among the student-teachers in the light of Science-Technology-Society/Culture-Environment interaction paradigm.

COMPONENTS OF THE PROGRAMME

This is a Professional Course leading to a Master's Degree in Education. The duration of the course shall be two years comprising four semesters of 100 working days each. The course of study shall be by regular attendance for the requisite number of lectures, practical training, field study and internship.

- ◆ PERSPECTIVE COURSES (17 credits)
- ◆ TOOLCOURSES (14 credits)
- ◆ TEACHER EDUCATION COURSES (12 credits)
- ◆ SPECIAL CORE SUBJECTS (12 credits)
- ◆ SPECIALISATION IN ELECTIVE SUBJECT (8 credits)
- ◆ SELF DEVELOPMENT COURSES (7 credits)

The course aims to develop the mental and physical well being through modalities such as yoga, gender issues, eco-friendliness and literature. These programmes should engage the students in reflecting on the linkages between the self and one's professional practice. The theme emphasizes the development of personal and professional competencies and to become healthy individuals. A total of 7 SDCs shall be offered as given below.

1. Yoga
2. Working with community
3. Communication and Academic Writing
4. Gender Issues: Awareness and Management
5. Practices promoting Eco-friendliness
6. Career Development
7. Participation in Rural Reconstruction and Social Welfare in collaboration with LSG The 1 credit is assigned to each SDC.(25 marks).

CONTINUOUS EVALUATION

The marks awarded for the CE will be on the basis of parameters such as attendance, seminar/assignments, test, and practicum in each theory paper of the M.Ed programme. The faculty member concerned will do the assessment. The marks assigned for each parameter as follows.

Attendance		5 marks
(91 & above- 5 marks, 81 to 90-4 marks, 76 to 80 -3 marks, 75-2 ½ marks)		
Seminar/Assignment	-	10 marks
Practicum	-	10 marks
Tests	-	5 marks
Total	-	30 marks

◆ INTERNSHIP IN EDUCATION (8 Credits)

Internship in education has been proposed in three phases. Phase I is for a duration of at least 5 working days with 2 credits (1 credit for visit and 1 credit for report writing) during semester I, and phase II for a duration of 15 working days with credits 3 during semester II at D.Ed level and Phase III for a period of 15 days with 3 credits during semester III at B.Ed level under the supervision and assessment of the respective Colleges of Teacher Education and practicing/attached institutions. The report duly signed by the mentor in the institution. The assessment of Internship during the three Semesters will be done internally. The report of the internship shall be presented before the external board deputed by the University. The tasks to be carried out by the students during internship and the marks assigned to each are as follows.

Phase – I (Semester I)

(50 marks / 2 credits / 10 working days / 60 working hours)

(Attachment with an institution of educational & social relevance and reputation)

The student is expected to make a detailed study regarding organization, objective, administration, hierarchy, functions, strengths/weaknesses, output, social obligation, best and innovative practices etc and to prepare a detailed report not exceeding 50 pages. District level institutions like DIET, SSA district/state offices, SCERT, SIEMAT, IMG, BRC, Adult and Non formal Education dist/State mechanisms, College with NAAC accreditation/Autonomous colleges, Gandhi Smaraka Nidhi, Reputed social organizations like Mithraniketan and the like can be selected for students' attachment.

Phase – II (Semester II)

(75 marks / 3 credits / 15 working days / 90 hours)

Teaching at D.Ed. level in core and Optional areas – 6 lessons each,

by employing modern methods and technologies.

components	Marks for Core subjects	Marks for Optional subjects	Total marks

RESEARCH DISSERTATION

(Proposal 50 marks/Dissertation 150 marks/Viva-voce 50 marks /Total 250 marks/10credits)

The dissertation is a compulsory component of the M.Ed. programme. A dissertation is distinguished from other writing assignments in the programme on the basis of the expectations and processes involved therein. It is visualised as a curricular space where students (with close mentorship/guidance of a faculty member) learn to plan and conduct a research, and write a thesis. It is also a space where students come to see and draw linkages between education theory (transacted through taught courses) and research. Thus, while the product or the outcome of this component (i.e. the dissertation) is important, the process through which it is arrived at is equally (if not more) significant. This makes a case for this component to be guided or mentored closely by a faculty mentor. Various skills that are expected to be developed through this component include: articulating and formulating a research problem and research questions, designing a plan to study it,(phase I of Dissertation-preparation & presentation of Research Proposal in Semester II) executing the plan (which includes engaging with the relevant body of literature and theories) , analysing and writing the findings in an academic fashion, and presenting the work(Phase II of Dissertation in Semester IV). However, this

should not be seen as implying that the dissertation must be field based.

The dissertation should preferably be in the area of specialisation that a student opts or in the areas introduced in the perspective courses. The main body of the Dissertation shall not be less than 80 pages and shall not exceed 250 pages in total.

Each student shall submit 3 copies of the Dissertation to the University and of which in two copies the identity shall be masked, and the 3rd copy shall be complete and unmasked. The Dissertation shall be submitted on or before the last working day of January in Semester IV

INSTITUTIONAL TWINNING PROGRAMME (1 credit)

Institutional Twinning Programme (ITP) component of the M.Ed course is intended to generate the Education Master Aspirants to imbibe leadership experience through collaborative inter – institutional visit to institutes of International, National or Regional significance of pure, applied or interdisciplinary research in pedagogy or allied social sciences. The programme is to be of maximum one week duration (ie.5 working days) covering 30 functional hours involving collective academic and co curricular initiatives of mutual interest and consensus. The program must be visualized to generate a taste to engage with the administrative and research culture of a unique institution of reputation leading to a short reporting cum visual presentation by the master aspirant. The assessment could be done internally through on-line submission or by using a standardized rubric. The component carries 1 credit and 25 marks. This shall be given internally by giving weightage to the following parameters such as participation in the programme (15 marks) and reporting cum visual presentation (10 marks).

INTERFACE WITH EXTERNAL BOARD (1 credit)

There will be a interface with external board at the end of the second semester carrying 25 marks. Students securing less than 12.5 marks in the interface with external board will have to repeat the same during the next year. Such students will be given a total of two chances to clear the same.

The University will constitute a Board of Examiners (Dean, Faculty of Education, Chairman 2nd semester M.Ed examination and an internal/external examiner) for conducting both the DIS1-Research proposal presentation and the interface with external board.

COMPREHENSIVE VIVA-VOCE (2 credits)

There will be a comprehensive viva-voce at the end of the fourth semester carrying 50 marks.

Students securing less than 25 marks in the comprehensive viva-voce will have to repeat the same during the next year. Such students will be given a total of three chances to clear the same.

The University will constitute a Board of Examiners (Dean, Faculty of Education, Chairman of 4th semester examination, and an internal/external examiner) for conducting both the DIS2 Dissertation viva-voce and comprehensive viva-voce.

**ATTENDING 2 SEMINARS (STATE/NATIONAL/
INTERNATIONAL) DURING THE COURSE**

The student shall attend 2 seminars/workshops of educational importance at any convenient time during the course and shall submit the copy of the certificates at the time of submission of dissertation. The original certificates shall present before the Comprehensive Viva II Board.
